Yard Waste Tons Collected: Zero

Litter Costs /Bags: Zero 18.00

Educational Activity:

Funds totaling almost $17,000 were provided by Magoffin County, U of K Robinson Trust, PRIDE, and SAR. A total of 667 hours were spent on classroom presentation by liaisons and over $4,750.00 of the total dollars spent were on recycling materials and educational information.
COLLECTION: Students were introduced to the importance of reducing the amount of solid waste they and their families generate.
DISPOSAL: Students wrote letters to parents about their responsibility as consumers to dispose of solid waste properly.
RECYCLING/REDUCTION: Students were taught the 6 R's and were encouraged to introduce recycling ideas to their family. Activities were presented from natures handbooks. SAR assisted in expanding established recycling in county and private schools. SAR worked with local school district to promote recycling in the school. SAR distributed 1000 information packets about Magoffin County solid waste and recycling program at September's Founders Day Celebration. Schools received 150 Bagit Systems for paper and 70 barrels for plastic and aluminum.
OPEN DUMPING/LITTERING: High school students shown how to be role models to younger students in the "Nature's for Me" program. Participating students stated they make an effort to dispose of litter properly. Salyersville city Police contributed by citing students with NOV's for littering in parking lots in the Ramey Memorial Park and local hangouts; this has discouraged littering among teenagers. County is participating in Governor Patton's "Kentucky Certified Clean Counties Program" to clean up all identified open dumps.
ENFORCEMENT: "Project Respect" incorporates activities to address enforcement, penalties and fine, and to promote participation in county solid waste programs.
